Summary

I am a web developer having expertise in frontend development and exposure to back-end development. I design and develop web applications using the latest technologies to deliver the product with quality code.

Work Experience

Company 1

Apr 2021 - present

Senior Software Developer

- Use my extensive experience with front end development to define the structure and components for the project, making sure they are reusable
- Keep the code quality high reviewing code from other developers and suggesting improvements
- Interact with the designer to suggest changes and to make sure the view he has about the design is translated into actual functionality
- E-commerce maintenance **with Fastcommerce**, a Brazilian e-commerce platform

Company 2

Jun 2015 - Dec 2017
2 years

Software Developer

- Develop web applications based on Sharepoint, Drupal 8 and Episerver
- Lead a team of 10 front end developers, giving support to the client's multi-cultural team, providing feedback, clarifying requirements and helping with technical questions
- Keep the Project Manager and the IT Leads updated on the overall progress of the projects and manage the tasks distributed to the team
- Keep the code and the features implemented by the other developers in accordance to the requirements

Company 3

Aug 2011 - May 2015
4 year

Trainee Developer

- Design easy user interfaces and great user experiences for the digital platforms of small companies
- Wordpress development, including themes creation or customization, custom plugins development and training
- E-commerce maintenance with Fastcommerce, a Brazilian e-commerce platform
- E-commerce development with Magento, customizing preexisting themes
- Integrate external services such as payment services, delivery, etc into Magento solutions

Career Objective

Eager to expand my skill set through external trainings to help boost all major front desk KPIs. Hoping to leverage organizational skills to help ABC Corp introduce time-saving schemes for all executives.
